In an attempt to better understand the prevalence and circumstances of domestic violence fatalities in Ohio, the Ohio Domestic Violence Network reviewed media reports identified by staff members or local member programs. Fatalities included targeted victims, perpetrators, and others at incidents involving intimate partner relationships.
Remember these losses, strive to understand the issue, and support advances toward long-term solutions.

ODVN will be working with legislators, domestic violence programs, public officials and others to design more effective responses that can prevent these tragedies.
