

Hotel Assistance Program

ODVN is providing funding for hotel stays for survivors and their families to help Ohio's domestic violence shelters **remain open and accessible** during the COVID-19 outbreak. This program is intended to facilitate social distancing and help reduce the number of residents at our member programs.

Eligible applicants should be relatively independent of staff support and close to leaving shelter. Survivors at high risk of COVID-19 are also eligible. ODVN will cover 14 nights in a hotel. Survivors must be able to return to shelter or access other housing at the end of their hotel stay.

Please submit completed Emergency Fund Request Forms to Katherine Brandt at KatherineB@odvn.org.

The ODVN office is currently closed, however staff are working remotely.
